Empathy Map

Create an empathy map to understand your customer/user from four perspectives - what they Say, Think, Do, and Feel - in relation to the problem your project addresses. This helps the team build a customer-centric solution.

SAYS I need my credit card application to be approved quickly. I hope the process is fair and transparent. I want to know why my application is accepted or rejected.	THINKS • Will my income and credit history be enough? • I hope the process is fair and transparent. • I want to know why my application is accepted or rejected.
DOES • Submits personal and financial details. • Uploads the required documents. • Tracks the application status.	PERSONA NAME Credit Card Applicant FEELS • Excited about getting a credit card. • Anxious while waiting for approval. • Happy when the application is approved.
